REAL REVIEWS. REAL AGENTS. REAL RESULTS.

RankMyAgent is an online platform that connects Real Estate Professionals and Brokers to Consumers by using the power of reviews to get them recognized, generate leads, and build their online reputation.

ONLINE REVIEWS ARE RESHAPING HOW WE DO BUSINESS.

Consumers want to view Online Reviews so they can make better informed choices. As professionals, we need feedback to improve and enhance our level of service.

Have been wondering about what to do about your business online? Take control of your online reputation before others may take that control from you.

"RankMyAgent is a great way to reinforce your reputation and brand. Not only are potential buyers and sellers trying to make the best choice in a Realtor(r), potential recruits are looking at who they will be working with."

Shami Sandhu
Broker Owner, RE/MAX River City, Edmonton

We love reviews too!

"I have been using RankMyAgent for 18 months. It's a wonderful way for me to track what I'm doing right, any areas I need to tweak and improve on and it's also brought me some business. I highly recommend RankMyAgent"

Suzanne Botsifaras
