

ABOUT US

The Alberta Real Estate Association (AREA) is a not-for-profit professional association representing the interests and concerns of more than 10,500 REALTORS® from 10 local real estate Boards/Associations. Our work focuses on three high-value areas for REALTORS® across the province:

ADVOCACY

AREA brings a strong, collective voice to provincial discussions with the Government of Alberta and key stakeholders on issues of importance to REALTORS® and their ability to serve clients effectively.

PROFESSIONAL DEVELOPMENT

AREA is dedicated to fostering professional excellence and supporting our members in upholding the highest standards of practice through educational means.

MEMBER SERVICES

AREA provides members with programs that support REALTORS® in their business and save them money. These programs include real estate transaction forms, AREA Wireless, Crown Lands, Data Co-op, and AREA Advance.

PROFESSIONAL DEVELOPMENT

AREA's current professional development course for 2017 covers **Enforceable Contracts**. This mandatory course provides REALTORS® with foundational knowledge on the key elements required for a contract to be binding, as well as how those elements apply to the AREA Residential Purchase Contract.
