

## CUSTOMIZABLE THEMES

### YOUR BRAND IS IMPORTANT

We'll work with you to make sure that your website communicates who you are and what makes your business unique

## MOBILE FRIENDLY

### STOP LOSING VISITORS

If your site isn't optimized for phones, people will not use it. We'll make sure you never have to even think about it.

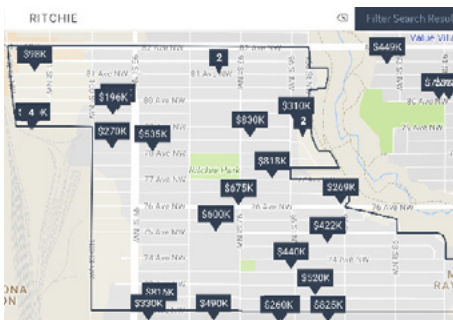

*\*Over 50% of all internet traffic in 2018 will be from mobile devices*

## SOCIAL INTEGRATION

### EXPAND YOUR AUDIENCE

Facebook alone has over 14 million daily users in Canada\*. That's a lot of people. We think they should meet you.

*\*According to Macleans Magazine (2014)*

## New GUS (Grand Unified Search)

Our newest search tool lets REALTORS capture higher quality leads while giving their users a better experience. GUS offers the fastest updates and most robust MLS search flexibility on the market. Learn more about your clients as they use the beautiful new search experience.

## How Can We Help Your Business?

There are a lot of ways to succeed in Real Estate. We try and find **what works for you** and amplify that. The core of our service is creating a **digital hub** where you can **direct your marketing efforts**. Whether you excel through more traditional lead generation or you're on the cutting edge of digital marketing, you need a **unique place to send prospects**. We start there and then build **customized services** based on the **unique methods that work best for you**.

## Why Redman Tech?

We're a Real Estate Technology company. We don't do anything else. The issues that affect you, affect us, and our only goal is to provide services that work FOR Real Estate professionals. **We've been doing this for 13 years** and we work with **thousands Canadian Realtors** including a ton of the top performers in various Canadian markets.
