

Raving Fans

ShelfGenie has remarkably high client satisfaction.

"ShelfGenie improved our storage capacity and saved my back! Since I have physical limitations, I have more accessibility. Our storage is much more efficient. I appreciate your attention to detail during installation, and I would recommend you without hesitation!" – Betty I.

"I love my new Glide-Outs. It is so much easier to cook and clean up. I enjoy cooking again! I am amazed at how much more organized things are." – Laura S.

"What a difference in the livability of the kitchen! No more crawling around on the floor to retrieve a baking dish or pan. The Glide-Outs gave me much more usable space in my cabinets. We are very impressed with the workmanship and quality of the Glide-Out shelving." – Sandra A.

"The workmanship of our Glide-Outs is excellent. We are thrilled with how easy and convenient they are to use. A great investment!" – Roberta C.

ShelfGenie® designs, builds and installs custom shelving solutions to fit any existing cabinet in your home. Our shelves glide in and out with just the touch of a finger. With our system, everything in your cabinets is easy, accessible, organized and clutter-free. Beautiful and highly durable, Glide-Out shelving works in almost every cabinet in the home.

Extraordinary Custom Storage

Solutions for Every Cabinet in the Home

Custom-built down to the millimeter and designed to meet each client's personal needs and specifications, our shelving can be installed in any cabinet — kitchens, pantries, bathrooms, closets, home offices, media rooms, bars, closets, garages and more.

Built to Last

Heavy-duty and impact-resistant, shelves can hold up to 100 pounds while fully extended! Precision engineered, they are made from high-grade cabinetry materials that are durable, attractive and easy to clean and maintain.

Custom Transformation Process

Meet Your Designer

A ShelfGenie design consultant will come to your home at your convenience and work with you as a partner throughout your entire project.

Determining Your Needs

Your designer will survey your existing space, assess your individual needs and discuss how you currently use your kitchen.

Custom Solutions

Before the designer leaves your house, you will have a unique plan that meets your needs and budget. Your plan can be implemented in stages or all at once.

Custom Construction

The measurements for your Glide-Outs will be taken to the millimeter to maximize space and ensure a truly custom fit. Your Glide-Outs are custom built to your specifications.

Custom Installation

Installation is provided by certified ShelfGenie installers who are meticulous and leave your home in excellent condition. The entire ShelfGenie team is never more than a phone call away to answer any questions.

From the first call —
to design and installation.

Our Solutions Transform Clients' Lives

Kitchen Solutions

Tired of having to bend over or get on your hands and knees to find a pot or pan in your cabinets? Glide-Outs decrease clutter and improve organization and efficiency.

Pantries

Glide-Outs make your pantry the most space efficient, organized and accessible area in the home.

Bathroom Cabinets

Custom solutions for your existing bathroom cabinets can dramatically increase access, organization and storage without expensive, messy renovations.

Other Areas

Your home office, entertainment center, laundry room, garage, and other spaces can all be organized and more efficient with custom Glide-Outs.
