1. PRIME CONTRACTOR

The Occupational Health and Safety Act of Alberta requires that a "prime contractor" be designated for a work site if there are two or more employers working at the work site at the same time. The role of Prime Contractor for Safety is assigned to the Calgary TELUS Convention Centre (CTCC) unless another party is designated by agreement.

2. OCCUPATIONAL HEALTH and SAFETY

Everyone must comply with the Occupational Health and Safety Act of Alberta, the Regulations, the Occupational Health and Safety Code of Alberta and Calgary TELUS Convention Centre regulations. Written pre-job hazard assessments may be required for workers, contractors and service providers coming into the building.

3. AGE REQUIREMENTS

Due to safety concerns when forklifts and vehicles are in operation, persons under the age of sixteen (16) are prohibited from being in the event space during move-in and move-out.

4. PRE-JOB HAZARD ASSESSMENTS

Due to significant hazards present with particular types of work, a written pre-job hazard assessment may be required as determined by the CTCC. Where required, it is the responsibility of the CTCC to complete pre-job hazard assessments for CTCC workers, and the responsibility of other employers to complete pre-job hazard assessments for their workers.

Pre-job hazard assessments may be required for the following (but not limited to):

- Assembly of booths over 8 feet in height;
- Movement of large exhibits, pieces of equipment or vehicles within the Convention Centre;
- Use of forklifts, scissor lifts or other vehicular machinery;

5. GENERAL SAFETY OBLIGATIONS

- Everyone must take reasonable care and co-operate with CTCC and OH&S policies to protect the health and safety of themselves and other workers.
- Only perform work, handle chemicals or operate equipment if trained & authorized to do so.
- If a worker is not competent to perform work that may endanger themselves or others, that worker must not perform the work except under the direct supervision of another worker who is competent to perform the work.
- All injuries, unsafe acts and conditions, including "near miss" incidents, are to be reported to CTCC Security immediately. **Emergency contact number: 403-261-8573 or ext. 8573.**

- Use extreme caution and move away from areas where forklifts and vehicles are operating during move-in and move-out.

- Will not perform the function for which it is intended or was designed;
- Is not strong enough for its purpose; or
- Has an obvious defect.

6. EMERGENCY PROCEDURES

In the event of an emergency, all work shall cease until further notice. Please listen to instructions via the public address system.

The facility has fire alarm pull boxes located near all designated exits. Smoke detectors are also located throughout the Convention Centre's ventilation system. An alarm will sound at the first sign of a problem and is considered a "first stage" alarm. When there is a "first stage" alarm, no action is immediately necessary. It means all individuals are to standby for further instructions from the public address system. In almost all cases, the cause of the problem is identified and rectified at this point (usually in 1 - 4 minutes). The alarm will stop sounding, and activity can proceed as usual.

In the rare case that a problem goes beyond a first stage alarm, the alarm continues to ring but changes into a highly audible, rapid alarm known as a "stage two" alarm. This stage is accompanied by instructions over the public address system, and may include evacuation instructions.

7. EVACUATION

If for any reason the facility or one part of the facility must evacuate, instructions will be given via the facility's public address system. Once the announcement is made, please exit in a calm & quick fashion - using the nearest emergency exit. If possible, proceed to the CTCC's evacuation assembly area (muster point) where CTCC staff will be positioned. The **evacuation assembly area (muster point)** is the alcove in front of the **Epcor Centre of the Performing Arts Building: 205 – 8th Avenue S.E.** Please remain at this location until CTCC staff advises that it is safe to return to the facility.

8. FIRST AID

The CTCC has unattended first aid rooms located on the lower level of the South Building and the Plus 15 level of the North Building. First aid boxes are located in the service corridor of Exhibition Hall CDE. **Contact CTCC Security at 403-261-8573 (or ext. 8573 on any house phone) for any first aid incident that occurs in the facility.**
