FULL-SERVICE LAW FIRM FLAT-RATE FEES

Our team consists of lawyers specializing in their chosen areas, allowing them to provide you with the best possible service, for the best possible outcomes.

And with Flat-Rate Fees for the majority of our services, you'll know exactly what you are paying for and how much.

REAL ESTATE

Our experienced, Calgary-based lawyers and legal assistants work with buyers and sellers of both residential and commercial properties; facilitating these transactions from the initial stage of real estate contract drafting, review, and onto final possession.

CORPORATE & COMMERCIAL

Our corporate team has experience with many business organizations and the laws that govern them. Not understanding these laws can put your business at risk. We will help you set you up, maintain, and build your business the right way.

LABOUR & EMPLOYMENT

This area of law can have huge financial and non-financial consequences, for both employees and employers. From hiring or firing, reviewing severance packages, to drafting contracts and agreements, our specialists can help mitigate the risk for business owners and their staff.

FAMILY

Family lawyers not only help with the break down of relationships (married or common law) but also draft prenuptial, separation, and cohabitation agreements. The team's wide range of experience includes independent legal advice on uncontested matters, and in-depth representation on contested matters.

WILLS, ESTATES, & PROBATE

At Kahane Law, we are here to give you peace of mind, and through estate planning, we can protect you and your beneficiaries during physical or mental incapacity, or death. We understand that the process is personal and sensitive; we are here to help you navigate this potentially difficult topic with ease.

IMMIGRATION

With years of practical experience with Canadian immigration-specific legislation and procedures, and working with Citizenship & Immigration Canada and several other offices worldwide, our immigration legal team has the knowledge and experience to handle all your immigration law needs efficiently and professionally.

LITIGATION

Kahane Law Office has a general civil advocacy practice, offering particular experience in a wide variety of areas. Whether you require assistance in respect of a dispute in the form of traditional court-based litigation, arbitration and mediation, or administrative hearings, our lawyers have the skill, expertise, and desire to represent you and your interests zealously.

CRIMINAL LAW

Our criminal lawyers strive to achieve the best possible results for you. To receive the best representation you deserve, we work with an association of lawyers with in-depth knowledge and experience, inside and outside of trials, related to the charges you may be facing.
