Property Management, Evolved.

We are a new kind of property management company in Calgary—one that actively plays a part in the success of our owners' investment properties. Instead of simply carrying out the bare minimum to meet expectations, we take a highly motivated, systematic, and involved approach to property management.

New Leaf Properties takes care of everything.

From screening applicants, to monthly rent collection, to maintenance scheduling, we keep you organized. We are a dedicated group of professionals with expertise in managing residential properties, including single- and multi-family homes, townhomes, and condominium/strata housing.

What Our Clients Say

"...since you took over our account, we have had nothing but positive feeling toward your style of property management. It gave us a real sense of security in knowing that our property was in the hands of a capable and professional management company."
