Why was the tradeshow component of the event removed?

The exhibitor tradeshow was removed to bring the focus back to the main program of the event. Attendees can now focus solely on the tangible takeaways from the keynote presentations and speaker sessions to build on their real estate business in 2023.

We've also taken time that was previously allotted to the tradeshow and added it to Ann-Marie Lurie's presentation time. This year, attendees can enjoy an extended presentation and Q+A during the 2023 Housing Market Forecast for Calgary and Area.

What time zone will be used for the conference?

Sessions will take place in Mountain Standard Time (MST).

No, you do not need to download or install any software to participate in the event but please ensure you have access to [Zoom](https://zoom.us). You will also need to have access to the Internet; Google Chrome works best.
